DETAILED ACTION

Allowable Subject Matter

Claims 11-19 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art is listed on the attached PTO 892 form. The cited prior art does not anticipate or make obvious a second liner layer disposed on a surface of said first liner; and a second dielectric layer covering said second liner, said second dielectric layer comprising a contact window opening therein through said second liner layer and said first layer to expose the surface of said conducting line as required by the present claims. Therefore, the present Claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
